 - Videos & Tip Sheets in this section are specifically geared towards the Android platform

Upon Initial Login into Concur

To make your Concur experience the best, there are a few items you need to confirm and set up first.

Most of the steps are under **Profile Settings**: Click on the  Icon in the upper right hand corner. Click on the “Your Information” tab and follow this checklist down the left-hand side:

Under Your Information

Personal Information

- ☐ Confirm the spelling of your name

Email Address

- ☐ Verify your email address by clicking “Verify” and following the prompt
 - Streamlined process to email receipts to your account in Concur from a verified email address
 - Verify that their email address is correct, if it is correct, then click “**Verify**” and once an email is received with the verification code, copy/paste the code into Concur
 - After the email address has been verified: [Process receipt images with OCR technology](#) to create an expense line item like the mobile app, emails should be sent to receipts@expenseit.com

Under Expense Settings

Expense Delegates

- ☐ Add delegate(s) (if desired)

Expense Preferences

- ☐ Turn off any email notifications by unchecking the box

Expense Approvers

- ☐ Confirm your expense report approver

Vehicle Configuration

- ☐ If you will need to expense personal car mileage in the mobile app you will need to confirm a personal and/or company car is visible in your Vehicle Configuration.

Favorite Attendees

- ☐ You can add favorite attendees/groups here to expedite adding them to your expenses. You must use Advanced Search to add another employee using Concur.
